FISCAL NOTE

L.R. No.: 2685-01
Bill No.: HB 1035
Subject: Alcohol, Licenses- Driver's; Revenue Dept.
Type: Original
Date: January 11, 2002

FISCAL SUMMARY

ESTIMATED NET EFFECT ON STATE FUNDS			
FUND AFFECTED	FY 2003	FY 2004	FY 2005
Total Estimated Net Effect on <u>All</u> State Funds	\$0	\$0	\$0

ESTIMATED NET EFFECT ON FEDERAL FUNDS			
FUND AFFECTED	FY 2003	FY 2004	FY 2005
Total Estimated Net Effect on <u>All</u> Federal Funds	\$0	\$0	\$0

ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2003	FY 2004	FY 2005
Local Government	\$0	\$0	\$0

Numbers within parentheses: () indicate costs or losses.
This fiscal note contains 4 pages.

FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Revenue (DOR), Division of Motor Vehicle and Drivers Licensing** stated that two product delivery methods were considered for implementation of the requirements of this legislation.

The first method considered was making a brochure available for distribution in all 180 branch and fee license offices. This would require creation and printing of the informational brochure with an estimated annual cost of \$16,500. This method would require continued maintenance and inventory of the form. In addition, the license office personnel would be required to make a distinction for each first time licensee. This would require manual record evaluations for each applicant which would be very time consuming and cost prohibitive.

The second method is to modify the over-the-counter drivers license system to automatically determine if the applicant is a first time licensee. If the applicant is determined to be a first time licensee, the over-the-counter system would print the required informational brochure. This method was determined to be the most accurate in targeting the appropriate applicants as well as the most cost effective.

An estimated 75 hours are needed to program the over-the-counter system.

75	Estimated programming hours
<u>x\$100</u>	Contracted programming rate
\$7,500 Total programming costs	

To implement this legislation, the Department of Revenue will require additional funds. In the past, the programs included in this legislation have been paid for with highway funds. This year, however, highway funds may not be available for this purpose as a result of legislation enacted by the General Assembly in 2000 that limits the use of highway funds.

If highway funds are not available, then another source of funding must be identified to pay for the cost of implementing this legislation.

Oversight assumes the DOR could absorb the programming costs to the over-the-counter system related to this proposal. Currently the DOR is required to provide educational materials related to the hazards of driving while intoxicated to every person who applies for a license who is less than 21 years of age.

<u>FISCAL IMPACT - State Government</u>	FY 2003 (10 Mo.)	FY 2004	FY 2005
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2003 (10 Mo.)	FY 2004	FY 2005
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This bill requires the Department of Revenue to give all first-time driver licensees information on the danger of operating a motor vehicle while in an intoxicated or drugged condition.

This legislation is not federally mandated, currently subsection 2 of section 302.171, RSMo, requires the director of revenue to provide educational materials relating to the hazards of driving while intoxicated to every person who applies for a license who is less than 21 years of age.
